

## **IN THE SPECIFICATION**

Please amend the specification as follows:

Replace the paragraph beginning at line 16 on Page 6. with the following:

For those programs which start and finish within the time period represented by the time bar, they will be generated in the manner shown, for example at cell 12. The start of the program is indicated by the start of the cell with reference to the time bar as illustrated by the ~~dotted~~ line 14 and the end of the program is represented by the end of the cell with respect to the time bar as indicated by the ~~dotted~~ line 16.
